Routledge Handbook of Asian Music: Cultural Intersections

Edited by Tong Soon Lee

The Routledge Handbook of Asian Music: Cultural Intersections introduces Asian music as a way to ask questions about what happens when cultures converge and how readers may evaluate cultural junctures through expressive forms. The volume’s thirteen original chapters cover musical practices in historical and modern contexts from Central Asia, East Asia, South Asia, and Southeast Asia, including art music traditions, folk music and composition, religious and ritual music, as well as popular music. These chapters showcase the diversity of Asian music, requiring readers to constantly reconsider their understanding of this vibrant and complex area.

Routledge Handbook of Contemporary North Korea

Edited by Adrian Buzo, Macquarie University, Sydney, Australia

The Routledge Handbook of Contemporary North Korea presents a comprehensive picture of contemporary North Korea, placed in historical context, spanning a period of significant transition and set against the overlapping fields of politics, economy, culture, society and foreign relations. The volume’s nineteen chapters are representative of the growth in North Korean studies that has occurred since the 1990s, in parallel with the end of military-backed authoritarian rule in South Korea in 1987, as well as far greater levels of access to the North. The volume is divided into five sections, each reflecting an emergent area of debate and research.

**Routledge Handbook of Japanese Cinema**

Edited by Joanne Bernardi, University of Rochester, USA and Shota T. Ogawa, University of North Carolina at Charlotte, USA

This handbook provides a timely and expansive overview of Japanese cinema today, through cutting-edge scholarship that reflects the hybridity of the field. It recasts traditional questions of authorship, genre, and industry in broad conceptual frameworks such as gender, media theory, archive studies, and neoliberalism. This is the first anthology of Japanese cinema scholarship to span two hundred years from the vibrant magic lantern culture of the nineteenth century, through to the formation of the film industry in the twentieth century, and culminating in cinema’s migration to gaming, surveillance video, and other new media platforms of the twenty-first century.

The Routledge Handbook of Planning and Management of Global Strategic Infrastructure Projects

Edited by Edward Ochieng, Liverpool John Moores University, UK, Tarila ZuoFa and Sulafa Badi

This book examines complex challenges in managing major strategic economic and social infrastructure projects. Through theoretical underpinning, empirical data and in-depth informative global case studies, the book presents an essential resource for students, researchers, practitioners and policy-makers interested in all aspects of strategic infrastructure planning, project management, construction management, engineering and business management.

The Routledge Handbook of Regional Design

Edited by Michael Neuman and Wil Zonneveld, Delft University of Technology, the Netherlands

The Routledge Handbook of Regional Design explores contemporary research, policy, and practice that highlight critical aspects of strategy-making, planning, and designing for contemporary regions—including city-regions, bioregions, delta regions, and their hybrids. With international case studies from leading scholars and practitioners, this book is an important resource not just for students, researchers, and practitioners of urban planning, but also policy makers, developers, architects, engineers, and anyone interested in the broader issues of urbanism.

The Routledge Handbook of Designing Public Spaces for Young People

Processes, Practices and Policies for Youth Inclusion

Edited by Janet Loebach, Department of Design & Environmental Analysis, College of Human Ecology, Cornell University, Sarah Little, Adina Cox and Patsy Eubanks Owens

Young people represent a vital citizen group with legitimate rights to occupy and shape their public environments, yet they are often driven out of public places. This handbook provides global research and case studies that highlight both the need and strategies for creating inclusive, youth-friendly public outdoor environments.

The Routledge Handbook on Historic Urban Landscapes in the Asia-Pacific

Edited by Kapila Silva, University of Kansas, USA

Series: Routledge International Handbooks

The Routledge Handbook on Historic Urban Landscapes in the Asia-Pacific sheds light on the balancing act of urban heritage management, focusing specifically on the Asia-Pacific regions in which this challenge is imminent and in need of effective solutions. Urban heritage, while being threatened amidst myriad forces of global and ecological change, provides a vital social, cultural, and economic asset for regeneration and sustenance of liveability of inhabited urban areas worldwide.

The Routledge Handbook of Planning Megacities in the Global South

Edited by Deden Rukmana

Cities are now home to 55 percent of the world’s population, and that number is rising. Urban populations across the world will continue to grow, including in megacities with populations over ten million. This handbook provides rigorous comparative analyses, discussing the challenges, processes, best practices, and initiatives of urbanization in Middle America, South America, Asia, the Middle East, Africa, South Asia, East Asia, and Southeast Asia. This book is indispensable reading for students and scholars of urban planning, and its significance as a resource will only continue to grow as urbanization reshapes the global population.
The Routledge Handbook of Critical Finance Studies
Edited by Christian Borch and Robert Wosnitzer
Series: Routledge International Handbooks
The term ‘critical finance studies’ remains largely unfocused and undefined. Against this backdrop, the key rationales of The Routledge Handbook to Critical Finance Studies are to provide a coherent notion of this emergent field and to demonstrate its analytical usefulness across a wide range of central aspects of contemporary finance.

The Routledge Handbook of Service Research Insights and Ideas
Edited by Eileen Bridges, Kent State University, USA. and Kendra Fowler
The Routledge Handbook of Service Research Insights and Ideas offers authoritative coverage of current scholarship in the expanding discipline of service research. Original chapters from the world’s leading specialists in the discipline explore foundations and innovations in services, highlighting important issues relating to service providers, customers, and service design. This book is ideal as a first port of call for postgraduate students desiring to get up to speed quickly in the services discipline. It is also a must-read for academics new to services who want to access cutting-edge research.

The Routledge Handbook of Financial Geography

Routledge Handbook of Public Criminologies
Edited by Kathryn Henne, University of Waterloo and Rita Shah, Eastern Michigan University
Series: Routledge International Handbooks
In an era of fake news, misguided rhetoric about immigrants and refugees, and efforts to toughen criminal laws, criminologists seeking to engage in public conversations around crime and policy arguably face an uphill battle. This book offers a comprehensive resource that addresses these challenges. It outlines the foundations of and developments in public criminology, underscoring the need to not only understand earlier ideas and debates, but also how scholars pursue public-facing work through a range of different approaches. The first of its kind, this collection captures diverse and critical perspectives on the practices and challenges of actually doing public criminology.

Routledge Handbook on American Prisons
Edited by Laurie A. Gould and John J. Brent
Series: Routledge International Handbooks
This authoritative volume provides an overview of the state of U.S. prisons and synthesizes the research on the many facets of the prison system. The United States is exceptional in its use of incarceration as punishment. It not only has the largest prison population in the world, but also the highest per-capita incarceration rate. Research and debate about mass incarceration continues to grow, with mounting bipartisan agreement on the need for criminal justice reform. With contributions from leading scholars around the globe, this book is a valuable resource for scholars with an interest in U.S. prisons and the issues surrounding them.

Routledge Handbook of Africana Criminologies
Edited by Biko Agozin, Emmanuel C. Onyeozili, Nontiyambo Pearl Dastile and Viviane Saleh-Hanna
Series: Routledge International Handbooks
This handbook defines and explores the field of Africana Criminologies within the wider field, moving away from the colonialist approach, and making a case for decolonizing the discipline. Arranged in five parts, it outlines Africana Criminologies, maps its emergence and addresses themes such as slavery, colonialism and apartheid as crimes against humanity, critiques of imperialist reason; Africana cultural criminology; and theories of law enforcement and Africana people. Coalescing a diverse range of voices from Africa and the diaspora, it is essential reading for criminologists and sociologists world-wide, as well as scholars of Africana studies and African studies.

Routledge Handbook of Migration and Development
Edited by Tanja Bastia, University of Manchester, UK and Ronald Skeldon
Series: Routledge International Handbooks
The links between migration and development can be traced back to the post-war period, if not further, yet it is only in the last 15 years that the ‘migration-development nexus’ has risen to prominence for academics and policy makers. The Routledge Handbook of Migration and Development provides an interdisciplinary, agenda-setting survey of the field, charting current and future trends in migration and development research. Given the increasing importance of migration in both international development and current affairs, this book will be of interest both to policy makers and to students and researchers of geography, development studies, political science, sociology and economics.

The Routledge Handbook of Bounded Rationality
Edited by Riccardo Viale, Fondazione Rosselli, Italy
Series: Routledge International Handbooks
Routledge Handbook of Bounded Rationality draws together an international team of leading experts to survey the recent literature and latest developments regarding Herbert Simon’s renowned theory of bounded rationality. Chapters feature entries on key behavioural phenomena including reasoning, judgement, decision making, uncertainty, risk, heuristics and biases, and smart and frugal heuristics. The text also examines current ideas such as fast and slow thinking, nudge, ecological rationality, evolutionary psychology, and embodied cognition. This book is essential reading for students and scholars of economics, psychology, neurocognitive sciences, and political science.

The Routledge Handbook of Accounting Ethics
Edited by Eileen Z. Taylor, North Carolina State University, USA and Paul F. Williams, North Carolina State University, USA
Series: Routledge International Handbooks
Accounting is a fundamentally social institution, comprising rules and principles designed by people to record, report, and control economic and other exchanges among individuals and organizations. Ethics lies at the heart of the practice, for ethics determine how we treat one another, and how we enact justice and fairness. This comprehensive handbook provides a prestige reference volume for researchers interested in accounting and business ethics.

The Routledge Handbook of Economic Theology
Edited by Stefan Schwarzkopf
Series: Routledge International Handbooks
Despite widespread assumptions about an increasing trend towards secularization in Western societies, recent years have seen the development of a loosely structured ‘theological turn’ within the social sciences, social philosophy and the humanities. This Handbook is a state-of-the-art reference work that offers students, researchers and policy makers an introduction to current scholarship, significant debates, and emerging research themes in Economic Theology.

The Routledge Handbook of Feminist Economics
Edited by Günseli Berik, University of Utah, Salt Lake City, USA and Ebru Kongar, Dickinson College, USA
Series: Routledge International Handbooks
This Handbook presents a comprehensive overview of the contributions of feminist economics to the discipline of economics and beyond. Each chapter situates the topic within the history of the field, reflects upon current debates, and looks forward to identify cutting-edge research. The contributors are a diverse mix of established and rising scholars of feminist economics from around the globe who skillfully frame the current state and future direction of feminist economic scholarship. This carefully crafted volume will be an essential resource for researchers and instructors of feminist economics and cognate areas.

The Routledge Handbook of FinTech
Edited by K. Thomas Liaw
Series: Routledge International Handbooks
This handbook is a unique and in-depth reference work. It is organised in six thematic sections. The first section outlines the development, funding, and the future trends. The second focuses on blockchain technology applications and various aspects of cryptocurrencies. The next covers FinTech in banking. A significant element of FinTech, mobile payments and online lending, is included in the fourth section. The fifth continues with several chapters covering other financial services, while the last discusses ethics and regulatory issues. These six parts represent the most significant and overarching themes of FinTech innovations.

The Routledge Handbook of Balkan and Southeast European History

Edited by John R. Lampe, University of Maryland, USA and Ulf Brunnbauer, University of Regensburg, Germany

Disentangling a controversial history of turmoil and progress, this Handbook provides essential guidance through the complex past of a region that was previously known as the Balkans but is now better known as Southeastern Europe. It gathers 40 international scholars and researchers from the region. They stand back from the premodern claims and recent controversies stirred by the wars of Yugoslavia’s dissolution. Providing fresh analysis from recent scholarship, the brief and accessible chapters offer a broad account of the social and economic history of the Balkan and Southeastern Europe in the twentieth century, and asks critical questions about the structure and experience of modernity in different contexts and periods. The first in a four-volume set on Central and Eastern Europe in the twentieth century, it is the go-to resource on statehood and state-building in this complex region.

Routledge Handbook of Global Health Rights

Edited by Clayton Ó Neill, Charles Foster, Jonathan Herring, University of Oxford, UK and John Tingle

This book examines the idea of a fundamental entitlement to health and healthcare from a human rights perspective. It is based on a particular conceptual reasoning that balances critical thinking and pragmatism in the context of a universal right to health. Thus, the primary focus of the book is the relationship or contrast between rights-based discourse/jurisprudential arguments and real-life healthcare contexts. It will be an invaluable resource for students, academics and policy-makers working in the areas of health law and policy, and international human rights law.

Routledge International Handbook of Research Methods in Digital Humanities

Edited by Kristen Schuster, King’s College London, UK and Stuart Dunn, King’s College London

Digital Humanities is a fast-evolving field, and with new methods of knowledge production, storage and dissemination, is developing its own concepts of research methods and methodology. This book draws on both traditional and emerging fields of study to consider what a grounded definition of qualitative and quantitative research in the Digital Humanities might mean; which areas DH can fruitfully draw on in order to foster and develop that understanding; where we can see those methods applied; and what the future directions of research methods in Digital Humanities might look like.

Routledge Handbook of Political Islam

Edited by Shahram Akbarzadeh

This updated, 2nd edition of the Handbook book covers a range of political actors that use Islam to advance their cause. While they share the ultimate vision of establishing a political system governed by Islam, the tactics and methods can be very different. Capturing this diversity, this volume also sheds light on some of the less-known experiences from South East Asia to North Africa. Capturing the geographical spread of Islamism and the many manifestations of this political phenomenon make this book a key resource for students and researchers interested in political Islam, Muslim affairs and the Middle East.

The Routledge Handbook of Anarchy and Anarchist Thought

Edited by Gary Chartier and Chad Van Schoenlandt
Series: Routledge Handbooks in Philosophy
An authoritative introduction to the scholarly conversation on anarchy—on the possibility, dynamics, and appeal of social order without the state. Drawing from philosophy, economics, law, history, politics, and religious studies, the volume deepens understanding of a concept that is popularly identified with chaos but can also be understood as a kind of social order rather than an alternative to it. The 30 original chapters are split into four parts: I. Concept and Significance; II. Figures and Traditions; III. Legitimacy and Order; IV. Anarchy and Critique: An essential resource for scholars and students studying anarchy in all disciplines.

The Routledge Handbook of Collective Responsibility

Edited by Saba Bazargan-Forward and Deborah Tollefsen
Series: Routledge Handbooks in Philosophy
The Routledge Handbook of Collective Responsibility comprehensively addresses questions about who is responsible and how blame or praise should be attributed when human agents act together. Such questions include: Do individuals share responsibility for the outcome or are individuals responsible only for their contribution to the act? Are individuals responsible for actions done by their group even when they don’t contribute to the outcome? Can a corporation or institution be held morally responsible apart from the responsibility of its members?

The Routledge Handbook of Dehumanization

Edited by Maria Kronfeldner, Central European University, Hungary
A tragic feature of recent history, as seen in the Holocaust, ethnic cleansing, civil wars and the persecution of racial and ethnic groups, is the attempt to deny people humanity, and to treat them as inhuman or subhuman. Yet the very nature of dehumanization remains poorly understood. This comprehensive reference source on the subject is an outstanding survey of the key issues and debates within dehumanization. Essential reading for students and researchers in ethics, political philosophy, social and moral psychology, politics, international relations, race and ethnic studies, as well as for anyone studying genocide and crimes against humanity.

The Routledge Handbook of Hellenistic Philosophy

Edited by Kelly Arenson
Series: Routledge Handbooks in Philosophy
The Routledge Handbook of Hellenistic Philosophy provides accessible yet rigorous introductions to the theories of knowledge, ethics, and physics belonging to each of the three schools. It explores the fascinating ways in which interschool rivalries shaped the philosophies of the era, and offers unique insight into the relevance of Hellenistic views to issues today, such as environmental ethics, consumerism, and bioethics. Eleven countries are represented among the Handbook’s thirty-five authors, whose chapters were written specifically for this volume and are organized thematically into six sections.

The 41 chapters by philosophers of language are split into ten parts: I. Early Descriptive Theories; II. Causal Theories of Reference; III. Causal Theories and Cognitive Significance; IV. Alternate Theories; V. Two-Dimensional Semantics; VI. Natural Kind Terms and Rigidity; VII. The Empty Case; VIII. Singular (de re) Thought; IX. Indexicals; X. Epistemology of Reference. The chapters consider what kinds of expressions refer, what they refer to, and what makes them refer, connections between meaning and reference, and how we know facts about reference. Links are drawn to other areas of philosophy. A valuable resource for undergraduates and above.

The Routledge Handbook of Hindu-Christian Relations
Edited by Chad M. Bauman and Michelle Voss Roberts
Series: Routledge Handbooks in Religion
The tension between the two historical realities, Hinduism as an ancient Indian religion and Christianity as a religion associated with foreign power and colonialism, continues to animate Hindu-Christian relations today. On the one hand, The Routledge Handbook of Hindu-Christian Relations describes a rich history of amicable, productive, even sometimes syncretic Hindu-Christian encounters. On the other, this handbook equally attends to historical and contemporary moments of tension, conflict, and violence between Hindus and Christians.

Routledge Handbook of Public Communication of Science and Technology
Edited by Massimiano Bucchi, University of Trento, Italy and Brian Trench, Dublin City University, Ireland

The third edition of the Handbook brings the reviews up-to-date and deepens the analysis. As well as substantial re-working of many chapters, it includes four new chapters addressing enduring themes (science publics, science-media theories), recent trends (art-science interactions) and new proposed insights on science communication as culture and as “the social conversation around science”. Combining the perspectives of different disciplines and of different geographical and cultural contexts, this original text provides an interdisciplinary as well as global approach to public communication of science and technology.

Routledge International Handbook of Irish Studies
Edited by Renée Fox, University of California, Santa Cruz, USA, Mike Cronin, Boston College, Ireland and Brian Ó Conchubhair, University of Notre Dame, USA
Series: Routledge International Handbooks
Routledge Handbook of Irish Studies begins with the reversal in Irish fortunes after the 2008 global economic crash. The essays included address not only changes in post-Celtic Tiger Ireland, but also changes in disciplinary approaches to Irish Studies that the last decade of political, economic, and cultural unrest have stimulated.

This book captures the dynamic ways the discipline has evolved, exploring how the age of austerity and renewal has transformed both Ireland and scholarly approaches to understanding Ireland. It will appeal to students and scholars of Irish studies, sociology, cultural studies, history, literature, economics and political science.

The Routledge International Handbook of the American Dream
Volume 1
Edited by Robert C. Hauhart and Mitja Sardoč, Educational Research Institute in Ljubljana, Slovenia
The Routledge Handbook on the American Dream offers authoritative and original essays by well-known scholars that address the social, economic, historical, philosophic, legal, and cultural dimensions of the American Dream for the twenty-first century. The American Dream, first discussed and defined by James Truslow Adams’ The Epic of America (1931), has become synonymous with being American, and its ubiquity today necessitates a deeper understanding of its heritage, its implications, and its impact—to be found in this first research handbook ever published on the topic.

The Routledge Companion to Italian Fascist Architecture
Reception and Legacy
Edited by Kay Bea Jones, Ohio State University, USA and Stephanie Pilat, University of Oklahoma, USA

This Companion investigates what has become of the architectural and urban projects of Italian Fascism, how sites have been transformed or adapted, and what constitutes the meaning of these buildings and cities today. Essays include a rich array of new arguments from Italy and beyond. They examine the reception of fascist architecture through studies of destruction and adaptation, debates over re-use, artistic interventions, and even routine daily practices, which may slowly alter collective understandings of such places.

Of interest to students and scholars in Italian history, architectural history, cultural studies, visual sociology, political science and art history.

The Routledge Companion to Marine and Maritime Worlds 1400-1800

Edited by Claire Jowitt, Craig Lambert and Steve Mentz

Series: Routledge Companions

The Routledge Companion to Marine and Maritime Worlds, 1400-1800 explores early modern maritime history, culture, and the current state of the research and approaches taken by experts in the field. With maritime studies growing and the ocean’s health in decline, this volume is essential reading for academics and students interested in the historicization of the ocean and the ways early modern cultures both conceptualised and utilised seas.

The Routledge Companion to Australian Literature
Edited by Jessica Gildersleeve
Series: Routledge Literature Companions
The increasing prominence of work by writers like Christos Tsiolkas, heightened through television and film adaptation, as well as the award of major international prizes to writers like Richard Flanagan, and the development of new, high-profile prizes like the Stella Prize, have all reinvigorated interest in Australian literature both at home and abroad. This Companion emerges as a part of that reinvigoration, considering anew the history and development of Australian literature and its key themes, as well as tracing the transition of the field through those critical debates.
