The Routledge Handbook of Language and Health Communication

Edited by **Heidi Hamilton**, Georgetown University, USA and **Wen-ying Sylvia Chou**, National Cancer Institute, Bethesda, MD, USA

Series: Routledge Handbooks in Applied Linguistics

The *Handbook's* 40 chapters are organized within three sections to provide a broad and comprehensive overview of the role that linguistics plays within health communication research and its applications. The three sections progress from a focus on individuals interacting with health, to examining professionals' perspectives and practices and conclude by looking at interactional contexts between patient and provider. Chapters are written by international scholars and practitioners who

represent a variety of approaches. This volume is an essential reference for all those involved in health communication within applied linguistics and education.

The Routledge Handbook of Applied Linguistics

Edited by **James Simpson**, University of Leeds, UK

Series: Routledge Handbooks in Applied Linguistics

The flagship title in the *Routledge Handbooks in Applied Linguistics* series, this volume serves as an introduction and reference point to the key areas in the dynamic evolving field of applied linguistics.

Comprising of a detailed introduction and 47 newly commissioned chapters from leading international researchers and academics in the field, the handbook is divided into five sections covering: applied linguistics in action; language learning, language education; language, culture and identity; perspectives on language in use; and descriptions of language for applied

linguistics.

This Handbook is key reading for all engaged in studying or teaching Applied Linguistics

The Routledge Handbook of Corpus Linguistics

Edited by **Anne O'Keefe**, Mary Immaculate College, University of Limerick, Ireland and **Michael McCarthy**, Emeritus Professor of Applied Linguistics at the University of Nottingham, UK

Series: Routledge Handbooks in Applied Linguistics

The *Routledge Handbook of Corpus Linguistics* provides an overview of a dynamic and rapidly growing area with a widely applied methodology. Through the electronic analysis of large bodies of text, corpus linguistics demonstrates and supports linguistic statements and assumptions.

The *Handbook* is structured around six themes which take the reader through building and designing a corpus to using a corpus to study literature and translation.

The Routledge Handbook of Critical Discourse Studies

Edited by **John Flowerdew**, Loughborough University, UK and **John E. Richardson**, City University of Hong Kong

Series: Routledge Handbooks in Applied Linguistics

The *Routledge Handbook of Critical Discourse Analysis* provides an accessible, authoritative and comprehensive introduction to the main theories, concepts, contexts and applications of this rapidly developing field of study. 45 state-of-the-art chapters offer both clear descriptions and examples of central concepts and theories in CDA. Each chapter includes a short example of analysis, providing readers with access to the authors' original contributions to the field. This handbook is key reading for all those engaged in the study and research of Critical Discourse

Analysis within English Language and Linguistics, Communication, Media Studies and related areas.

The Routledge Handbook of Discourse Analysis

Edited by **James Paul Gee**, Arizona State University, USA and **Michael Handford**, University of Tokyo, Japan

Series: Routledge Handbooks in Applied Linguistics

The *Routledge Handbook of Discourse Analysis* covers the major approaches to discourse analysis and their applications in key educational and institutional settings. Divided into six sections: Approaches to Discourse Analysis, Approaches to Spoken Discourse, Genres and Practices, Educational Applications, Institutional Applications, and Identity, Culture and Discourse.

The *Routledge Handbook of Discourse Analysis* is vital reading for linguistics students as well as other areas where discourse analysis is studied, from communication and cultural studies to

social psychology and anthropology.

The Routledge Handbook of Educational Linguistics

Edited by **Martha Bigelow**, University of Minnesota - Twin Cities, USA and **Johanna Enns-Kananen**, Boston University, USA

Series: Routledge Handbooks in Applied Linguistics

Soon to be available in paperback, this handbook provides a comprehensive account of the core and current issues linking education and linguistics. It is comprised of more than thirty authoritative articles by contributors who represent a diversity of methodological approaches, geographic regions of the world, and interdisciplinarity. Each chapter relates to key issues raised in the respective topic, providing additional historical background, critical discussion, reviews of pertinent research

methods (if applicable), and an assessment of what the future might hold.

The Routledge Handbook of English Language Teacher Education

Edited by **Steve Walsh**, Newcastle University, UK and **Steve Mann**, University of Warwick, UK

Series: Routledge Handbooks in Applied Linguistics

The Routledge Handbook of Language Teacher Education provides an accessible, authoritative, comprehensive and wide-ranging overview of language teacher education. The Handbook includes 40 chapters from expert international scholars and eight sections, each introduced by a leading figure. With an overview of historical issues, theoretical frameworks and current debates, the handbook then covers core teacher education contexts, teacher and learner priorities, issues related to language, practices and procedures and reflection and

research. This handbook is key reading for students, researchers and educators in Applied Linguistics, TESOL and Language Education.

The Routledge Handbook of English Language Teaching

Edited by **Graham Hall**, University of Northumbria, UK

Series: Routledge Handbooks in Applied Linguistics

The Routledge Handbook of English Language Teaching is the definitive reference volume for postgraduate students of Applied Linguistics, ELT and TESOL. 39 chapters cover inter-related themes progressing from 'broader' contextual issues to a 'narrower' focus on classrooms and classroom discourse. The authors are specialists from around the world, mindful of the diverse pedagogical, institutional and social contexts for ELT. They convincingly present the key issues, areas of debate and dispute, and future developments in ELT from an applied linguistics perspective. Further reading is included with every

chapter.

The Routledge Handbook of Forensic Linguistics

Edited by **Malcolm Coulthard**, Aston University, UK and **Alison Johnson**, The University of Leeds, UK

Series: Routledge Handbooks in Applied Linguistics

Forensic linguistics is the study of language and the law, covering topics from legal language and courtroom discourse to plagiarism. It looks at the linguist as expert providing evidence for the defence and prosecution, investigating areas from blackmail to trademarks and warning labels.

The Routledge Handbook of Forensic Linguistics provides a compressive overview of this increasingly popular area within applied linguistics. Bringing together the leading international experts in the field, the handbook is structured in three sections:

core issues and topics, the linguist as expert and new debates and new directions.

The Routledge Handbook of Forensic Linguistics is the ideal resource for advanced undergraduates and postgraduates.

The Routledge Handbook of Hispanic Applied Linguistics

Edited by **Manel Lacorte**, University of Maryland, College Park, USA

Series: Routledge Handbooks in Applied Linguistics

This handbook provides a comprehensive overview of Hispanic applied linguistics, allowing students to understand the field from a variety of perspectives. Organized into five parts – perspectives on learning Spanish; issues and environments in Spanish teaching; Spanish in the professions; the discourses of Spanish; and social and political contexts for Spanish – this volume gives students the theoretical and sociocultural context for study in Hispanic applied linguistics while offering practical information on its application in the professional sector.

The Routledge Handbook of Instructed Second Language Acquisition

Edited by **Shawn Loewen**, Michigan State University, USA and **Masatoshi Sato**

Series: *Routledge Handbooks in Applied Linguistics*

The Routledge Handbook of Instructed Second Language Acquisition is the first collection of state-of-the-art papers pertaining to ISLA. Written by 45 world-renowned experts, the entries are full-length articles detailing pertinent issues with up-to-date references. Each chapter provides 1) a review of current literature and discussions of cutting edge issues; 2) the authors' understanding of and approaches to the issues; and 3) direct links between research and practice. This handbook is the ideal resource for researchers, graduate students, upper-level undergraduate

students, teachers, and teacher-educators, who are interested in second language learning and teaching.

The Routledge Handbook of Interpreting

Edited by **Holly Mikkelsen**, Monterey Institute of International Studies, USA and **Renée Jourdenais**, Monterey Institute of International Studies, USA

Series: *Routledge Handbooks in Applied Linguistics*

The Routledge Handbook of Interpreting provides a comprehensive survey of the field of interpreting for a global readership.

The four sections cover:

The history and evolution of the field; The core areas of interpreting studies from conference interpreting to interpreting in conflict zones and voiceover; Current issues and debates from ethics and the role of the interpreter to the impact of

globalization; A look to the future.

With an introduction mapping the field and twenty-seven chapters by leading international authorities, *The Routledge Handbook of Interpreting* is the essential reference for researchers and advanced students of interpreting.

The Routledge Handbook of Language Education Curriculum Design

Edited by **Peter Mican**, University of Adelaide, Australia and **Ilona Wallace**

Series: Routledge Handbooks in Applied Linguistics

The Handbook of Language Education Curriculum Design is the first comprehensive overview of the field of language curriculum design. In 30 chapters each written by an expert in the area, this book offers perspectives on both the theoretical and practical sides of the field. This *handbook* covers a broad range of topics, divided into five major sections: perspectives, policies, and practices; curriculum designs in language education; curriculum designs for special purposes; resources, evaluation, and assessment; and research, teacher education, and future

prospects. This is the ideal resource for graduate students and researchers working in the area of language education curriculum design.

The Routledge Handbook of Language in Conflict

Edited by **Matthew Evans**, Lesley Jeffries, University of Huddersfield, UK and **Jim O'Driscoll**, University of Huddersfield, UK

Series: Routledge Handbooks in Applied Linguistics

The Routledge Handbook of Language in Conflict analyses the use of language in conflict situations and resolution. The handbook features four sections: Text in Conflict looks at text construction in producing ideation and its effects on conflict situations; Interaction in Conflict informs the understanding of interpersonal and inter-group relations when involved in conflict; Language in Conflict addresses issues of language choice and management which affect conflict and how it is approached;

and Linguistics in Conflict focuses on the types of linguistic research and action that relate to conflict. This handbook is essential reading for those with an interest in language and conflict.

The Routledge Handbook of Language Revitalization

Edited by **Leanne Hinton**, **Leena Huss** and **Gerald Roche**

Series: Routledge Handbooks in Applied Linguistics

This is the first comprehensive overview of the language revitalization movement across all continents. Featuring 47 contributions from a global range of top scholars, the handbook is divided into two parts, the first of which expands on language revitalization issues of theory and practice while the second covers regional perspectives in an effort to globalize and decolonize the field. Critical topics covered are:

language rights, language and well-being, and language policy; language in educational institutions and in the home; new methodologies and venues for language learning; and the roles of documentation, literacies, and the internet.

The Routledge Handbook of Literacy Studies

Edited by **Jennifer Rowsell**, University of Bristol, UK and **Kate Pahl**, University of Sheffield, UK

Series: Routledge Handbooks in Applied Linguistics

With forty-three chapters reflecting new research from leading scholars in the field, this handbook pushes at the boundaries of existing fields and combines with related fields and disciplines to develop a lens on contemporary scholarship and emergent fields of inquiry. This is the first handbook of literacy studies to recognise new trends and evolving trajectories together with a focus on radical epistemologies of literacy. *The Routledge Handbook of Literacy Studies* is an essential reference for undergraduate and postgraduate students and those researching

and working in the areas of applied linguistics and language and literacy.

The Routledge Handbook of Multilingualism

Edited by **Marilyn Martin-Jones**, University of Birmingham, UK, **Adrian Blackledge**, University of Birmingham, UK and **Angela Creese**, University of Birmingham, UK

Series: Routledge Handbooks in Applied Linguistics

The Routledge Handbook of Multilingualism provides a comprehensive survey of the field of multilingualism and an overview of the research which situates multilingualism in its social, cultural and political context. The handbook includes an introduction and five sections with thirty two chapters by leading international contributors. Offering an authoritative guide to shifts over time in thinking about multilingualism as well as providing an overview of the range of contemporary themes,

debates and research sites, this title is the ideal resource for postgraduate students of multilingualism, as well as those studying education and anthropology.

The Routledge Handbook of Pragmatics

Edited by **Anne Barron**, Leuphana University of Luneburg, Germany, **Yueguo Gu**, Chinese Academy of Social Sciences, China and **Gerard Steen**, University of Amsterdam, Netherlands

Series: Routledge Handbooks in Applied Linguistics

The Routledge Handbook of Pragmatics provides a state of the art overview of the wide breadth of research in pragmatics. Thirty-eight chapters cover both traditional and newer areas of pragmatic research, divided into four sections: methods and modalities; established fields; pragmatics across disciplines; applications of pragmatic research in today's world. With accessible, refreshing descriptions and discussions and with a

look towards future directions, this Handbook is an essential resource for advanced undergraduates, postgraduates and researchers in pragmatics within English language and linguistics and communication studies.

The Routledge Handbook of Second Language Research in Classroom Learning

Edited by **Ronald P. Leow**, Georgetown University, USA

Series: *Routledge Handbooks in Applied Linguistics*

The *Routledge Handbook of Second Language Research in Classroom Learning* is a comprehensive psycholinguistic approach to the issue of instructed language learning that is uniquely theoretical, methodological, empirical, pedagogical, and curricular. Bringing together empirical studies with theoretical underpinnings, the handbook focuses on conceptual replications/extensions of and new research on classroom learning or instructed SLA (ISLA). With a dedicated interest in the role of this research on pedagogical ramifications in instructional settings, the handbook strives for deeper understanding of how L2 learners process L2 data.

The Routledge Handbook of Teaching English to Young Learners

Edited by **Sue Garton** and **Fiona Copland**, Stirling University, UK

Series: *Routledge Handbooks in Applied Linguistics*

English is now taught at primary education level in the majority of countries around the world and there has been a corresponding increase in interest in the theory and practice of teaching English to young learners (TEYL). This handbook addresses this interest by identifying key areas of TEYL, reviewing the current state of the field and outlining ways forward with the aim to shape the future research agenda of TEYL in multiple international contexts. Taking a thematic and interdisciplinary approach, this volume draws on areas such as second language acquisition, pedagogy and technology and discourse analysis and is essential reading for those studying and researching in this area.

The Routledge Handbook of English Language and Digital Humanities

Edited by **Svenja Adolphs**, University of Nottingham, UK and **Dawn Knight**, Cardiff University, UK

Series: Routledge Handbooks in English Language Studies

The Routledge Handbook of English Language and Digital Humanities provides a comprehensive survey of how the digital turn in research has impacted upon the study of the English language. In covering these areas, more traditional approaches and methodologies in the humanities are combined with the computing power and techniques that allow 'old' humanities research challenges to be addressed in a new way, and new questions to be asked of the material and sources that lie at the heart of a wide spread of humanities disciplines in the era of "Big Data".

The Routledge Handbook of English Language Studies

Edited by **Philip Seargeant**, The Open University, UK and **Stephen Pihlaja**, Newman University, UK

Series: Routledge Handbooks in English Language Studies

The Routledge Handbook of English Language Studies provides a comprehensive overview of English Language Studies. This handbook addresses three core questions: what constitutes the phenomenon of English language; in what contexts is it an important subject to study; and what are the chief methodologies that are used to study it. By addressing these questions, the book offers both a survey and critique of the subject, mapping out its shape and also providing arguments for its relevance and usefulness as an important area of academic

study in present-day society.

The Routledge Handbook of English Language Studies is essential reading for researchers and students working in this area.

2nd Edition

The Routledge Handbook of Discourse Processes

Edited by **Michael F. Schober**, David N. Rapp and M. Anne Britt, Northern Illinois University, USA
 Series: *Routledge Handbooks in Linguistics*

The second edition of the bestselling *Routledge Handbook of Discourse Processes* is a state-of-the-art overview of the field of discourse processes as it is today. Building on the strengths of the first edition, the handbook highlights the subject's interdisciplinary foundations, bringing together established scholars and rising stars to provide both a comprehensive history and a dynamic roadmap of the evolution of the field since the first edition's publication in 2003. This is the ideal resource for graduate students, researchers, and practitioners in a variety of

disciplines, including discourse analysis, conversation analysis, cognitive psychology, and cognitive science.

The Routledge Handbook of Ecolinguistics

Edited by **Alwin F. Fill** and **Hermine Penz**

Series: *Routledge Handbooks in Linguistics*

The Routledge Handbook of Ecolinguistics is the first comprehensive exploration into the field of ecolinguistics, also known as language ecology. Organized into three parts that treat the different topic areas of ecolinguistics, the handbook begins with chapters on language diversity, language minorities and language endangerment, continues with the role of language and discourse in describing, hiding, and helping to solve environmental problems, and finally shows ecolinguistics as a pace-maker into a new scientific age. This handbook is an excellent resource for students and researchers interested in

language and the environment, language contact, and beyond.

The Routledge Handbook of Heritage Language Education

Edited by **Olga E. Kagan**, University of California at Los Angeles, USA, **Maria M. Carreira**, California State University, Long Beach, USA and **Claire Hitchens Chik**, UCLA, International Institute, USA

Series: *Routledge Handbooks in Linguistics*

The Routledge Handbook of Heritage Language Education provides the rapidly growing and globalizing field of heritage language (HL) education with a cohesive study of the theoretical and practical issues that impact the design, implementation, and institutionalization of HL education in many regions of the world, setting the stage for future work in the field. Beyond practical and theoretical takeaways, the programs described here also

serve as a testimony to the astonishing energy, dedication, and creativity that go into offering HL instruction. The handbook's global coverage makes it an ideal resource for researchers and graduate students interested in HL education at home or abroad.

The Routledge Handbook of Language and Emotion

Edited by **Sonya E Pritzker**, University of Alabama, USA, **Janina Fenigsen**, Northern Arizona University, USA and **James M Wilce**

Series: Routledge Handbooks in Linguistics

This handbook offers a variety of critical theoretical and methodological perspectives that interrogate the ways in which ideas about and experiences of emotion are shaped by linguistic encounters, and vice versa. Taking an interdisciplinary approach which incorporates disciplines such as linguistic anthropology, psychology, communication studies, and religious studies, this book explores the relationship between language and emotion in the five key areas of language socialisation; culture, translation

and transformation; poetry, pragmatics and power; the affective body-self; and emotion communities. This is an indispensable resource for students and researchers working in these areas.

The Routledge Handbook of Linguistic Anthropology

Edited by **Nancy Bonvillian**, Bard College at Simon's Rock, USA

Series: *Routledge Handbooks in Linguistics*

The Routledge Handbook of Linguistic Anthropology is a broad survey of linguistic anthropology, featuring contributions from prominent scholars in the field. Each chapter presents a brief historical summary of research in the field and discusses topics and issues of current concern to people doing research in linguistic anthropology. The handbook is organized into four parts – Language and Cultural Productions; Language Ideologies and Practices of Learning; Language and the Communication of Identities; and Language and Local/Global Power – and covers

current topics of interest at the intersection of the two fields while also contextualizing them within discussions of fieldwork practice.

The Routledge Handbook of Translation and Education

Edited by **Sara Laviosa** and **María González-Davies**

Series: Routledge Handbooks in Translation and Interpreting Studies

This handbook will present the state of the art of the place and role of translation in educational contexts worldwide, and lay a sound foundation for the future interdisciplinary cooperation between Translation Studies and Educational Linguistics. By adopting a transdisciplinary perspective, the handbook will bring together the various fields of scholarly enquiry and practice that make a valuable contribution to enlarging the notion of translation and diversifying its uses in education. Based on a multilingual and applied-oriented approach, the handbook is principally aimed at educationalists and educators in the 21st century post-global era.
